Platform Quick-Start

1. **Step 1: Log in and set your password.** You'll receive login credentials via email. Visit <https://app.buildvision.io/login>, sign in, and set a secure password on first access.
2. **Step 2: Complete your profile.** Add your name, title, email signature, and connect your email integration. This ensures outbound communications look professional from day one.
3. **Step 3: Add your product catalog.** Review the product catalog labeled as 'Representation' configured for your organization. Flag any items that need to be added, removed, or corrected. Your CX lead will update them the same day.
4. **Step 4: Attend your training session.** Join your scheduled onboarding session (calendar invite included). We'll walk through the full platform and answer all your questions.
5. **Step 5: Run your first project.** Once you're comfortable, run a project on your own. Your CX lead is available via email, phone, or a sync meeting throughout. Reach out anytime and we'll respond quickly.

Technical Setup

Work through the checklist below with your CX lead. Items marked with an asterisk require coordination with your IT or ops team.

- ☐ **CRM integration connected and syncing.*** Confirm that deals and contacts flow correctly between your CRM and BuildVision.
- ☐ **Email integration configured.*** Forward your bid desk inbox to Bids@BuildVision.io so BuildVision automatically ingests every incoming bid request. Step-by-step setup for Gmail, Outlook on the web, and classic Outlook desktop is in the Email Forwarding Guide: [FORWARDING GUIDE LINK](#).
- ☐ **Product catalog reviewed and validated.** All reps confirm the catalog matches your current line card.
- ☐ **Organizational structure set up.** Offices, line cards, user hierarchies, and individual rep accounts are configured with correct permissions.
- ☐ **Support chat access confirmed.** All users can access the in-platform chat support channel.

Support and Escalation

Our commitment: unreasonable hospitality. We respond to Tier 1 accounts within the hour, including evenings. If something isn't working, tell us immediately and we'll treat it like our own problem. For anything you can't reach your CX lead about, email support@buildvision.io.

Channel	Best For	Response Time
In-platform Chat	Day-to-day questions, quick issues	1 hour (Tier 1)
Email	Non-urgent questions, documentation	Same business day
Phone / Direct	Urgent escalations, launch issues	Immediate (pilot period)
Monthly Check-in	Progress review, roadmap feedback	Scheduled

Your 90-Day Success Roadmap

- **Days 1 to 14:** Technical setup, integrations, and onboarding training complete. All reps have platform access.
- **Days 15 to 30:** Rep enablement sessions. Each user runs their first project independently. Support is on standby.
- **Days 31 to 60:** Pilot expansion. Additional reps added. Monthly check-in scheduled to review progress.
- **Days 61 to 90:** Full adoption target. CX team takes over primary relationship. Sales involvement decreases.
